1. ☒ The amendment filed on 16 September 2005 under 37 CFR 1.312 has been considered, and has been:

- a) ☐ entered.
- b) ☐ entered as directed to matters of form not affecting the scope of the invention.
- c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

- d) ☐ disapproved. See explanation below.
- e) ☒ entered in part. See explanation below.

The amendments to claims 1, 29, 48, 51, 61, 63, 64, 68, 69, and 70 will be entered as directed to matters of form not affecting the scope of the invention.

The amendment to claim 37 WILL NOT be entered because the change introduces new matter, as paragraph 0011 of the specification requires that the liquid injector produces a titanium tetrachloride mist which is passed through a vaporize chamber. A mist is, as is known in the art, a suspension in the atmosphere of liquid droplets and the amendment requires that the liquid injector spray a gas.
